5 Objectives of project

<p><i>Briefly outline the objectives; the potential benefits and how you will judge the partnership a success.</i></p>
<p><i>Evaluation criteria:</i></p>

6 Other partners and funding source

<p><i>List any other partners to the project and any other sources of funding applied for. For excellence in science research projects indicate the main sources of project funding.</i></p>

--

7 Future funding

Indicate your proposed future funding sources. Indicate any bids to EU or other multi-lateral funding agencies.

--

8 Activity in 2003

List briefly the main activity planned in 2003.

--

9 Public discussion of the activity and project

All Partnerships in Science projects should include an opportunity for wider discussion of the project. This could include lectures to undergraduates and postgraduates; to a wider student and general public, articles in newspapers etc. It does **not** include publication of papers in the scientific world or mentions at scientific and professional conferences (use section 5 above for these outputs).

List the possible proposals. For joint research projects list the plans in both the UK and Slovenia.
